NOTICE OF EXEMPTION

PROJECT TITLE Skyway Shaded Fuel Break

PROJECT LOCATION On the east side of Skyway Road beginning at the boundary between the towns of Paradise and Magalia, CA., extending north for 1/4 mile. **COUNTY** Butte

LEAD AGENCY California Department of Forestry and Fire Protection (CAL FIRE)

CONTACT Scott Jones, CAL FIRE

ADDRESS 176 Nelson Avenue, Oroville, CA 95965

PHONE 530-538-7111

PROJECT DESCRIPTION

The Skyway Shaded Fuel Break is a fuels reduction project utilizing hand crews to create a fuel break on the east side of Skyway Road above the West Branch of the Feather River, and extending ¼ mile into the community of Magalia. Hand crews will cut brush and trees, hand carry to a chipper for chipping. Chipper will be restricted to existing roadways and driveways. Some material will be piled and burned depending on location and topography. Selected suppressed conifers under 8" dbh will be treated. Dead and dying conifers, hardwoods, and suppressed trees up to 11" dbh may be cut depending on location and condition. Existing dead material ¼" to 3" diameter will be chipped.

EXEMPTION STATUS

- ☒ Categorical Exemption Type/Section: Class 4; 15304 Minor Alteration to Land
☐ Statutory Exemption (state code section):
☐ Ministerial (§21080(b)(1); 15268)
☐ Declared Emergency (§21080(b)(3); 15269(a))
☐ Emergency Project (§21080(b)(4); 15269(b)(c))

REASONS PROJECT IS EXEMPT

Class 4, section 15304 allows minor alteration of vegetation including fuel management activities to reduce volume of flammable vegetation, provided the activities do not result in the taking of endangered, rare, or threatened plant /animal species, or cause significant erosion or sedimentation of surface waters. All work on this project will be by hand so minimal ground disturbance is expected. This project as proposed will not have a negative impact upon any listed species of animal or plant.

Field review by CAL FIRE staff confirmed that no exceptions apply which would preclude the use of a Notice of Exemption for this project. The Department has concluded that no significant environmental impact would occur to aesthetics, agriculture and forestland/timberland, air quality, biological resources, cultural resources, geology and soils, greenhouse gas emissions, hazards and hazardous materials, hydrology and water quality, land use planning, mineral resources, noise, population and housing, public services, recreation, transportation/traffic, or to utilities and service systems. Documentation of the environmental review completed by the Department is kept on file at the offices of CAL FIRE, Butte Unit.
